An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joseph Carrier on 14 March 2006.

The application has been amended as follows: claims 14-16, drawn to a non-elected invention, have been cancelled.

The following changes to the drawings have been approved by the examiner and agreed upon by applicant: the drawings need to be replaced by clearer (less "fuzzy") drawings.. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

The following is an examiner's statement of reasons for allowance: The prior art fails to show two poppets biased away from each other by a single spring, where the poppets have hollow through bores and the housing has bypass channels as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
